EpiPen® (epinephrine) Auto-Injector Directions

- □ First, remove the EpiPen[®] (epinephrine)
 Auto-Injector from the plastic carrying case
 - Pull off the blue safety release cap

☐ Hold orange tip near outer thigh (always apply to thigh)

 Swing and firmly push orange tip against outer thigh. Hold on thigh for approximately 10 seconds.

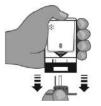

Remove EpiPen[®] (epinephrine) Auto-Injector and massage the area for 10 more seconds.
